### **President's Corner:**

Bem-vindo (Portuguese for "Welcome"), Antonio, from Brazil! I am excited for Antonio and encourage every member to be actively involved with him during his short stay with us. Every member should participate in at least one activity or experience with Antonio, whether it is a social or cultural function. He is a special guest of our community and we should do everything we can to welcome him into it.

The summer months will soon be behind us, but we should all be enthusiastic about looking forward to the days and months ahead. The month of September marks our club's 50th anniversary. We will celebrate this milestone on the evening of September 20, 2012. While this celebration is due to the past 50 years' successes, it should also inspire us to come together as a club and use our collective efforts to ensure the success of our club in the day, months, and years to come. "Success" is a subjective standard and each member may gauge it on their own scale. As such, I hope you will define what the "success" of our club means to you and make it a goal to focus your efforts towards pursuit of this success.

Our successes will bring forth new members and retain existing members. Increasing the size of our membership base will allow our club an increased capacity to further serve our communities. It will bring new ideas, interests, strength, and vigor to our club and, in turn, to our communities.

We will work on membership development and recruitment over the next several months. Although a membership committee made up of a few members will help focus on recruiting new members, all Rotarians must remember the membership mantra adopted Rotary International: "Each Rotarian: Reach One, Keep One." - This is a reminder that EVERY ROTARIAN is responsible for inviting new members and keeping clubs active and vibrant. It also stresses that retention is an essential component of a strong club and membership base.

Brian
