Mission Statement of the Rotary Club of South St. Paul/Inver Grove Heights: "In addition to the many worthwhile missions of Rotary International, the focus of our Club is to improve the educational opportunities for students in South Saint Paul and Inver Grove Heights."

President's Corner

So many ways to change lives so little time. I attended the Inver Hills Community College showing of "Girl Rising", the CNN production depicting the challenge and reality of girls overcoming insurmountable odds to get an education. This reality, in many of our underdeveloped nations, is played out every day as girls are sold into bondage, marriage, put into the fields as laborers, or end up on the streets. But, as the film points out very clearly, an educated girl grows up to be an educated woman who assures her children are educated, receive better health care, better nutrition, and become productive citizens who in turn change the economics of the community. I strongly encourage you to see this film. It will challenge you to look at our world with a different perspective. We are now in the process of researching how best to change our community through our work with our schools. You are welcome to be part of the committee that reviews those projects. Contact a Board Member if you are available to assist with this important project. April brings the Spring District Conference on April 25th and 26th. By the time you receive this it may be April 1st. And, no fooling, there still is snow on the ground. Happy Spring! Pam S

Fast for Hope:

March 26th our Fast for Hope speaker, Marlene Gargulak, the District Governor Nominee, presented information regarding the project in Nicaragua. It was informative and exciting to see the changes that are being made in 2 cities there. As only 6 Rotarians were in attendance a future program on Fast for Hope may be beneficial to update everyone. Our club supports this program with a grant of \$400 annually.
