Mission Statement of the Rotary Club of South St. Paul/Inver Grove Heights: "In addition to the many worthwhile missions of Rotary International, the focus of our Club is to improve the educational opportunities for students in South Saint Paul and Inver Grove Heights."

President's Corner

Finally the wonderful month of May has arrived; full of celebrations, Memorial Day weekend, for some of us graduation parties have just begun, and don't forget to remember the most wonderful women in your lives, your mother, your children's mother, grandmother, and other significant women who have made a difference in your life or that of your family.

Thanks to those of you who joined the West St Paul Rotary and heard the GSE Team from Sweden. I was delighted to hear they had made a day trip to Lindstrom and visited some of our historical sites that were very familiar to their team members. Lindstrom is also the sister city of Tingsrud, Sweden, just down the road from where most of this Team calls home. I have made a connection and am excited to be able to be a conduit of information about our city and to learn more about theirs in the future.

May is full of a number of interesting speakers and what a better time to invite another community member to see what we, and Rotary, are all about. We have also made a tentative decision about one of our projects for funding, which promotes educational opportunities for the youth of our community through better access to technology. More details will be shared at our club meetings. Also, if it's not on your calendar, make time on May 20 to assist with the Seidel's Lake annual cleanup. We will also come together for some social time after the cleanup at the new location of Old World Pizza.

So good to see the sunshine after a month of rain, maybe we will start seeing some of those May flowers!

Education Committee Update:

The Education committee met several times this Spring to go over projects submitted for consideration. The Committee was grateful to have received three very worthwhile projects. The Committee decided to go forward with a project involving the purchase of 15 Chromebook laptop computers for supervised use by students in grades 10-12 at the Dakota County Area Learning School North Campus. The school serves students who have experienced academic setbacks that have put them at-risk for not graduating from high school. We are exploring partnering with the West St. Paul Rotary Club on this project. Expect to hear more on this great project as we go forward seeking a matching grant from our Rotary District. Many thanks to all who assisted with their service on the committee.

Your Life and Your Workplace.*

Keynote Speaker:

Marilyn Carlson Nelson, former Carlson Companies Chair & CEO and author of *"How Lead Matters: Reflections on a Life of Leadership."* Recognized by *Forbes* magazine as one of "The World's 100 Most Powerful Women" and by *U.S. News and World Report* as one of "America's Best Leaders," Mrs. Nelson led her company of 170,000 people with a keen eye on human values and ethics. Her words inspired St. Paul Rotary Values Day.

Special Comments:

Hubbard has guided a growing national news media organization of radio and television stations, and at great financial risk he literally launched the first satellite broadcasting system, U.S. Satellite Broadcasting.

Results from a dynamic debate and discussion by 100 St. Paul community leaders on the topics of ethics and core values will be revealed. And, you will have the opportunity to add your opinion by electronic polling.
